

## Fine Arts

### *Session 1*

The Good, the True, the Beautiful: Faith, Science, and Art in *The Saint John's Bible*

Carolyn Pirtle

How can art help to heal? In its stunning illuminations that incorporate scientific and theological imagery side-by-side, *The Saint John's Bible* bridges the perceived rift between faith and reason, inviting 21st-century viewers to a greater understanding of the deep harmonization between science and religion.

### *Session 2*

“How Can We Keep from Singing?”: Music in Life and Liturgy

Carolyn Pirtle

What is it about music? Why is it so important in human life? Why does it play such a vital role in worship? This session will unpack several fundamental characteristics of music, exploring how it helps us to remember, to express emotion, and most importantly, to pray.
