

Conversations That Matter

The Intersection of Justice and Pregnancy

Questions for Reflection and Discussion:

1. In what concrete ways do you serving as a different approach to unplanned pregnancy than fixing or helping?
2. What does it mean for a person who is pro-life to meet a woman considering abortion without judgment?
3. Think of a time when someone showed you radical hospitality. What impact did that have on you?
4. How can you be radically hospitable to women facing unplanned pregnancies (or others) in your community?
